Well done to everybody who joined us last Friday for the Moonriver Night Race - we hope you enjoyed the race! Read on for the race report, results, and some photos.

RACE REPORT

On the back of Storm Goretti, 136 runners braved the wintry conditions for the Moonriver Night Race 2026. Spirits were high as they set off whooping and cheering and quickly disappeared into the dark, the way lit by fluorescent tape and the friendly torches of marshals. The ground was wet with snow and mud, and there were more than a few slips and falls — some runners even opted to sit and slide down the last tricky descent. In the end, all made it back (relatively) unscathed to a welcoming bowl of chilli at The Old Dog pub in Thorpe.

RESULTS

The race winners were Chris Jones (Pennine Fell Runners) with a time of 43:46,
and Harriet Wingfield (Dark Peak Fell Runners) with a time of 48:36.
